Sandberg USB 3.2 Cloner & Dock for M2 + NVMe + SATA giver dig mulighed for nem ekstern tilslutning af 3.5"/2.5" SATA harddiske både traditionelle og SSD type samt NVMe M.2 SSD diske i flere størrelser. Isæt din disk i den lille handy dock, så er du helt fri for brug af kabinet og skruer. Docken tilsluttes nemt til din PC i en USB-A eller USB-C port og virker med det samme. Med USB 3.2 interface kan du opnå lynhurtig overførselshastighed på op til 10 Gbps. Du får endvidere mulighed for at klon indholdet af den ene harddisk direkte til den anden, helt uden PC-tilslutning. Kloningsfunktionen virker begge veje.
